Just For Today

Tell yourself:

Just For Today my thoughts will be on my recovery, living and enjoying life without the use of drugs.**Just For Today** I will have faith in someone in NA who believes in me and wants to help me in my recovery.**Just For Today** I will have a program. I will try to follow it to the best of my ability.**Just For Today**, through NA, I will try to get a better perspective on my life.**Just For Today** I will be unafraid. My thoughts will be on my associations, people who are not using and who have found a new way of life. So long as I follow that way. I have nothing to fear.**What is our message?**

**The message is that an addict,
any addict, can stop using drugs,
lose the desire to use,
and find a new way to live.
Our message is hope
and the promise of freedom.**

Am I an Addict?

If you are an addict, you must first admit that you have a problem with drugs before any progress can be made toward recovery. When questions in IP "Am I an Addict", are honestly approached, may help to show you how using drugs has made your life unmanageable. Addiction is a disease which, without recovery, ends in jails, institutions, and death. Many of us came to Narcotics Anonymous because drugs had stopped doing what we needed them to do. Addiction takes our pride, self-esteem, family, loved ones, and even our desire to live. If you have not reached this point in your addiction, you don't have to. We have found that our own private hell was within us. If you want help, you can find it in the Fellowship of Narcotics Anonymous.

"We were searching for an answer when we reached out and found Narcotics Anonymous. We came to our first NA meeting in defeat and didn't know what to expect. After sitting in a meeting, or several meetings, we began to feel that people cared and were willing to help. Although our minds told us we would never make it, the people in the fellowship gave us hope by insisting that we could recover. Surrounded by fellow addicts, we realized that we were not alone anymore. Recovery is what happens in our meetings. Our lives are at stake. We found that by putting recovery first, the program works. We faced three disturbing realizations:

1. We are powerless over addiction and our lives are unmanageable;
2. Although we are not responsible for our disease, we are responsible for our recovery;
3. We can no longer blame people, places, and things for our addiction. We must face our problems and our feelings.

The ultimate weapon for recovery is the recovering addict.
